
Stem Cell Research Today: Larry Goldstein - CIRM Science Writer's Seminar

(Part 1 of 9) Larry Goldstein, M.D., spoke at the Scientific Writer's Seminar, a workshop presented on September 17, 2008 at CIRM headquarters in San Francisco. Goldstein presented an overview of the basic principles and concepts of stem cell biology and stem cell clinical trial development. He has a CIRM Tools and Technologies grant and a CIRM Disease Team grant to use human embryonic stem cells to understand and to develop new therapies for Alzheimer's disease. Goldstein is director of the UC San Diego Stem Cell Program.
